VOLUME 2.

MARYVILLE, MISSOURI, TUESDAY, NOV. 28, 1911.

NO. 152.

ADVOCATE PRIMARY

FOLK-FOR-PRESIDENT BANQUET
ASK GOVERNOR TO TAKE ACTION

WANT NEW LAW PASSED

Would Have Special Session of Legislature Called to Legalize Primary and Provide Safeguards.

Realizing the Folk-for-president followers in Missouri are committed to a state-wide primary to settle the Clark-Folk question, the leaders in the former governor's behalf want Gov. Hadley to call a special session of the legislature to adopt a presidential primary law similar to the law in Oregon, says the St. Louis Times. With this in view, the Democratic voters in Southwest Missouri, at a dinner at Joplin Friday night, adopted a resolution directed to Gov. Hadley.

The request was made at a Folk-for-president dinner, and is intended to show that there is no penalty clause for fraud in a primary that is held under the direction of the state committee. The clause in the resolutions covering this question is:

"We are so confident that the people of Missouri will uphold the action of the Democratic state convention that we will welcome Gov. Herbert S. Hadley assembling the legislature in extraordinary session, that a presidential primary law for the election of delegates to the national convention may speedily be enacted, and that this law shall contain a criminal clause for the purpose of prosecuting fraudulent voters."

The Folk men see that unless the legislature passes a law to govern a presidential primary they will be forced to accept the regulations of the state committee, which they recognize as hostile to Folk's candidacy. They especially fear what will be done to them in the cities without any penalty clause for fraudulent voting.

The backers of Folk in Southwest Missouri, who were behind the dinner, according to the stories in St. Louis Monday, are afraid to come out openly for a demand upon the governor to call the special session of the legislature, and couch the request in the language that the people will uphold the governor if he should call the legislature in special session for such a purpose. When the time comes for the primaries it is likely the various candidates whose names go on the ballot, if the primary finally is ordered, will be asked to split the expense for the judges, clerks and polling places as well as all other expense.

It is figured that not less than \$70,000 will be required to hold a state-wide primary. With only Clark and Folk as candidates with their names on the ballots it means that the Folk men would be expected to raise half the money. The Folk men do not, according to the stories Monday, want to spend any \$35,000 with the other faction having control of the power that appoints judges and clerks.

Mr. and Mrs. F. B. Helwig of Eldorado, Ark., who had been spending a few days in Maryville with Mr. Helwig's mother, Mrs. S. A. Helwig, and sister, Miss Katherine Helwig, left for their home Monday evening.

WILL BE HELD WEDNESDAY.

Funeral Services of W. R. McKee to Be Conducted at Home, Near Pickering.

The funeral services for W. R. McKee, who died at his home, two and a half miles east of Pickering, Sunday evening at 8:30 o'clock, will be held Wednesday afternoon at the family home, the services being conducted by Rev. Fred M. Lindenmeyer, pastor of the Christian church at Pickering. The Masonic lodge will have charge of the services at the grave.

The cause of death was a cancer on his back, from which he has suffered intense pain since February 5th, of this year. Three years ago he was sick with pneumonia, but previous to this he was a remarkably robust and healthy man. Reed McKee has been known all his life as a jovial, pleasant man, whose presence never cast a shadow; and this characteristic of his life was carried out to the very end. He bore his suffering with remarkable fortitude. He was a good citizen, a loving husband and a kind father, always delighting to be with his family and trying to make them happy.

He has a host of friends who sympathize with his family in their bereavement. He has been a member of Pickering lodge, No. 472, A. F. and A. M., for about twenty-five years. He united with the United Brethren church before coming to Missouri, while a resident of Ohio, which was his native state. He was a member of the Christian church at Pickering at his death.

Left for Their New Home.

Mrs. J. H. McGarry and four sons and daughter, who have been living east of Maryville, left Tuesday morning for their new home, near Fort Scott, Kan. Mr. McGarry and their two oldest sons left several days ago with the car of household goods. Their daughter, Emma, who has been attending St. Patrick's parish school in this city, will attend the convent school in Fort Scott. Mr. McGarry has purchased 160 acres of land four miles from Fort Scott. The family has the best wishes of many friends for happiness and prosperity. It was not easy for them to give up old friends and go to their new home. Mrs. McGarry is a niece of the late John and Peter Quirk, who lived for many years two miles south of Maryville, and was born and reared in this county.

To Clean White Furs.

To clean white furs, moulton, rabbit, swan's down and ermine, first beat out all the dust, gently but thoroughly, then lay the article upon a table covered with a clean, white cloth and saturate it with a mixture of grain alcohol, three parts, and ether one part. With a clean whisk work the fluid into every hair and down to the skin. Then lift into the fur all the boracic talcum it will hold, lifting the fur so that the powder reaches the roots. Then put into a closed box and leave for three days. Take out the furs, shake out the powder, removing that which cannot be so easily dislodged by brushing with a perfectly clean whisk. Then pat the furs well on the wrong side to raise the nap.—Woman's National Weekly.

Will Remain Until Christmas.

Miss Clara Kalterman, who has resigned her position with the Alderman dry goods house, will remain until Christmas day to assist with the holiday trade. Miss Kalterman had intended to accompany her sister, Mrs. James Price, to her home in Kansas City Monday morning. Mrs. Price, who came to Maryville a week ago to assist her sister in packing her household goods, returned home Monday. The apartments vacated by Miss Kalterman at the home of Judge and Mrs. I. K. Alderman will be occupied by Mr. and Mrs. G. F. Woodard.

Elected Judge in Buffalo.

Patrick J. Keeler, who grew to manhood in the Clyde vicinity, and who has many friends in the county, was elected city judge of Buffalo, N. Y., at the election held recently for a term of eight years. Mr. Keeler has been practicing law in Buffalo seven years. He has also been active in Republican city politics. He won the election by a majority of 4,577.

Horace F. Leet and his daughter, Miss Elizabeth, went to Kansas City Monday evening for a several days' stay.

WILL REMAIN UNITED

CLARK'S PREDICTION AS TO THE NATIONAL DEMOCRACY.

REPLACE THE OLD HABIT

No Longer Quarreling, But Counseling Together and Presenting an United Front to the Enemy.

Washington, Nov. 27.—Speaker Champ Clark today said that he had devoted the last three years chiefly to getting the house Democrats together and holding them together, and that after seventeen years of factional fighting the Democrats "are united, and by the blessings of God will remain so."

"I did not do it all, by a long shot," he added. "I had lots of help, and every Democrat who participated in that troublesome, laudable work deserves his full share of the honor. Where there was once despair in Democratic hearts, there is high hope now."

In this way the titular head of the Democratic lower house of congress made indirect reply to criticisms of the former presidential candidate, William J. Bryan, as to the speaker-ship of the house. Mr. Clark referred to the great importance of unity and wisdom among the Democrats to draw out voters not belonging to the Democratic party.

"The most important feature of the extraordinary session of congress from a political standpoint," said he, "was the fact that we pulled together, worked together, fought together and won together. We replaced the old habit of defeat with the new habit of victory, the bad fashion of quarreling among ourselves with the better fashion of taking counsel together and then presenting a solid front to the astonished enemy."

"The trend of public opinion is toward the Democrats. President Taft's long trip seems to have left things in statu quo."

The speaker said that the recent elections prove that wherever the tariff was the sole or principal issue the Democrats won, and that when President Taft vetoed the tariff bills it was inevitable that the tariff would be the leading issue next year.

"The charge that I am in favor of the forcible annexation of Canada is not based on a single fact," added the speaker. "I have frequently for years now expressed the hope that there might be a union of the two countries by mutual consent and for the good of both."

Traveling for Lumber Company.

Harry Awalt, who is traveling for the Bradford-Kennedy Lumber company of Omaha, was in the city Sunday and Monday. He went to Hopkins Tuesday noon on his regular business trip.

On Visit to Brothers.

Mr. and Mrs. C. R. Fluke of Platt, Ill., were in Maryville Tuesday on their way to Hopkins to visit Mr. Fluke's brother, George Fluke, and family. They will also visit Charles Fluke and family at Athelston, Mo. Mrs. George Fluke of Hopkins is a sister of Mrs. C. R. Fluke.

Returned From Kansas City.

Mrs. E. J. Williams and son Donald E. and Mrs. Williams' mother, Mrs. Solomon Clark, returned Monday night from a week's visit with the family of Mrs. Clark's late son, John Montanye. Mrs. Clark went to her home at Pickering Tuesday noon.

Marriage Licenses Issued.

A marriage license was issued Tuesday by Recorder Wray to Robert Patton and Martha E. Russnogle of Skidmore. They were married Tuesday morning by Probate Judge Conn. Another license issued Tuesday was to Peter M. Jorgenson and Bessie E. Thompson of Barnard.

Clarence Warren Getting Better.

Clarence Warren, the 16-year-old son of Mrs. Nettie Warren of South Walnut street, who fell last Friday on the high school grounds and broke one of his ankles while engaging in a friendly scuffle with a classmate, is improving as well as possible. His sufferings were intense until Tuesday, when the pain became less severe. The young man fell some time in September from the awning under Dietz & Keck's tailor shop windows and was painfully bruised, and was just beginning to get over that accident when he broke his ankle.

FOR ANOTHER ROAD

FROM NEBRASKA CITY, NEB., TO QUINCY, ILL., VIA MARYVILLE.

TO MARK GLIDDEN ROUTE

Maryville Good Roads Advocates to Co-Operate With Other Towns to Secure and Maintain Routes.

At a meeting held in the Commercial club rooms Monday afternoon of autoists from Tarkio, Burlington Junction and this city, another proposed trail was suggested by Paul Sisson and G. B. Roseberry which met with favor from those present. The trail as proposed is to start at Nebraska City, Neb., and take in Tarkio, Burlington Junction, Maryville, Albany, Trenton and then on to Quincy, Ill. From Trenton, it was proposed that the trail should go south and meet the State Highway. The plan of the new highway met with much encouragement from the visitors, and it was decided that at a later meeting, to be held in Tarkio, some action would be taken to establish the trail if it met with approval from the other towns.

It was also decided at the meeting that Maryville would pledge their help and support to keep up the Glidden route of 1910, which passed through Maryville, Burlington Junction and Tarkio and on to Shenandoah and Omaha. The road from this city is to be marked and the road is to be improved so it will be kept in the "Blue Book," the official automobile guide book.

A meeting was arranged for at Tarkio for Wednesday, at which time an organization will be formed and work will start at once on marking the road from Maryville to Tarkio and Shenandoah. A number of Maryville people were planning to attend the meeting, but owing to the cold weather a later date will probably be set for the meeting.

Announcement.

The Women's Foreign Missionary society of the M. E. church, South, will meet Wednesday afternoon, November 29, at 2:30 o'clock, at the home of Mrs. E. B. Sheldon, 406 West Second street. All members are urged to be present.

Entertained at Dinner.

Mrs. B. M. Chandler of near Bedison entertained Sunday evening in honor of Mr. Chandler's birthday. Those present were Mr. Gabe Purcell and family, Mr. and Mrs. Jessie Douglas, Mr. and Mrs. Ernest Lyons and Mr. and Mrs. Walter Colter.

Ladies of Mt. Ayr Will Serve.

The ladies of the Mt. Ayr M. E. church will give an oyster and chicken pie supper Thanksgiving night at the home of Mr. and Mrs. J. A. Carmichael, who live four and one-half miles east of Maryville. Everybody invited.

Singers, Attention!

The members of the various choirs of the city are requested by Director P. O. Landon of the Conservatory to meet him at the First Baptist church Wednesday evening at 7:45 o'clock to practice appropriate music for the union Thanksgiving services, which will be held Thursday morning at 10:30 o'clock at that church.

Meeting of the P. E. O.

The P. E. O. chapter met in a social session Saturday afternoon at the home of Mrs. O. C. Hanna, with Mrs. Hanna and Miss Mary Q. Evans as hostesses. The members spent the afternoon in work on Christmas presents. In answer to roll call, each responded with something in regard to France, her customs, her people, her history. Miss Mae Corwin gave two vocal numbers in French from a French opera. Miss Mabel Todd and

Miss Nelle Hudson gave a piano duet by a French composer, and Miss Carrie Hopkins told of how Christmas is observed in France. Miss Lella Bone-witz told of the fetes and games of that country. The hostesses served refreshments.

Gave Afternoon Tea.

Mrs. George B. Baker and Mrs. Edward F. Wolfert entertained 100 guests Monday at an afternoon tea from 2:30 to 5:30 o'clock. The music for the afternoon was furnished by Mr. Glenn Goff, pianist. No particular color scheme was carried out in the decorations. In the dining room ferns, smilax and lavender chrysanthemums were used in profusion. In the library pink carnations and smilax, and in the music room ferns were used exclusively. Assisting the hostesses in entertaining and serving were Mrs. M. Nussbaum, Mrs. J. C. Allender, Mrs. O. C. Hanna, Mrs. J. F. Colby, Mrs. Emery Alry, Miss Kate Willis, Mrs. T. L. Wadley, Mrs. G. H. Colbert, Mrs. M. G. Tate, Mrs. J. S. Shinabargar, Mrs. C. C. Graves, Mrs. S. G. Gillam, Mrs. R. B. Montgomery, Mrs. Lela Allender, Miss Brownie Toel, Mrs. J. F. Montgomery, Mrs. George Willey and little Margaret Louise Hosmer.

U. C. T. Social Meeting.

Probably the closing social meeting of the year for the U. C. T. was held Saturday night at the regular meeting place in Woodmen hall, and was one of the best meetings the members and their wives have held. The host and hostesses were: Mr. and Mrs. Henry Westfall, Mr. and Mrs. Henry Martin, Mrs. G. A. Pickens, Mrs. Hal Hooker, Henry Thorp, John Hansen and W. H. Gilbert. Progressive dominoes were played, Miss Maud Sheldon winning the lady's prize and Mr. Henry Thorp the gentleman's prize. The consolation prize went to John Hansen. Refreshments were served from the Westfall cafe. During the social hour following the serving of refreshments a December meeting was considered, but it was thought impracticable to think of holding another meeting this year, owing to the very busy times for the members of the U. C. T. In response to repeated calls from those present Mr. E. G. Grear responded with a happy toast to the U. C. T. for the coming year, which was highly appreciated, and closed with these words:

"With the near approach of the new year I would suggest that each one of us procure a calendar, one of perfectly blank paper for each day, with the date printed small in a corner. The clear white page should remind every one that each day is a blank until we put something on it, and we may put on it what we will. Opportunity each morning puts a brand new, fresh day up to every one to see what they will do with it. At night the same hand tears off the sheet, crumples and throws it away. Yesterday is dead. It is only today that we can write upon the page, only the deeds of today that we may control."

Conservatory Recital.

Considering the severe weather Monday night, the fortnightly recital at the Conservatory was well attended. Those contributing piano numbers were Misses Bernice Crawford, Wilda Keef, Helen Curfman, Mildred Shinabargar, Laura Curfman, Mary Margaret Richey, Maud Tarpley, Marie Reuillard, Mabel Dysart, Eunice Gatten, Annetta Loranca.

No Thanksgiving dinner is complete without Reuillard's ice cream and pastry.

SALE OF FINE HORSES.

Roelofson Will Hold Sale Tomorrow at His Farm, South of Town.

J. F. Roelofson will sell on Wednesday, Nov. 29, at Maryville, a consignment of forty-five excellent young animals from his well established herd of Percheron and Standard bred horses. Mr. Roelofson has been breeding pure-bred stock for many years, starting on the right kind of foundation stock and by using nothing but the best sires in each generation and by judicious breeding he is establishing a line of breeding of which any man might well be proud. He has now at the head of his Percherons the great dark dapple gray horse Phenix 42316, which he selected as the proper horse to use on the good mares and fillies already on the farm. To say that Phenix has made good is putting it mildly, for in the four years he has been used in this herd he has proven almost a phenomenal sire, his colts being uniformly good and with plenty of size and brim full of quality, with the broad, clean bone we so much admire. You see no tendency toward unsoundness in any of the Phenix colts, which is so often the case in many instances. The reason is apparent, however, for when we look at this good sire, now 7 years old, we find him as sound as a new-milled dollar and a great big fellow, weighing over 2,100 pounds and built all over alike. Phenix was taken out on the show circuit last year with a sample of his sons and daughters and never failed in a single instance to win championship as a sire, and of course it was his good youngsters that made such winnings possible, but it was with the same results at all the shows which included such as the Missouri state fair, the Interstate at St. Joseph and the American Royal at Kansas City in 1910. Was not exhibited this year. The most of the Percherons in this sale are sired by him or are in foal to him.

Mr. Roelofson has always been a great fancier of good horses. He has not only admired the individual but has been a close student of bloodlines, and is very much interested in figuring out the proper matings, and while doing this he has also succeeded in

producing some of the best specimens of the light harness horse, and about half the number in this sale will be of that type. His Standards are very handsome and belong to some of the very best families known in the American trotting registry. His Percherons are invariably blacks or grays, but his Standard-breds are even more uniform in color, being absolutely all bays. They also have plenty of size as well as quality throughout.—St. Joseph Stock Yards Journal.

RHEUMATISM TAKES BIG DROP.

Widespread Adoption of New Cure Puts Immediate Check on Present Spread of Rheumatism.

The crusade against the serious spread of rheumatism in this section has had its effect. In nearly all the important towns of the state a concerted movement was begun to stamp out the disease, by the wide publication of the best known means of curing rheumatism, quickly and surely.

As an illustration of the astonishing results secured by the new treatment, which has been so widely recommended, out of one thousand serious cases noted, every single one has already been cured. These results have been carefully verified.

It was certain that some treatment had to be recommended. Which one, was the question.

Actual results had to govern, regardless of reputation or favoritism. The record above mentioned was accomplished by the new treatment, "Fuss" Rheumatism Cure. This remedy is different from anything else ever prepared for rheumatism. It contains no alcohol, opium, cocaine, morphine, chloral, chloroform, or other poisonous drugs contained in the great majority of patent medicines.

We earnestly recommend all our readers who may suffer from rheumatism, gout, lumbago, or kidney trouble not to fail to try this remedy.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.

WHY JAPAN SENT TROOPS TO CHINA

Department of State Explains Placing of Soldiers in Tien Tsin.

TREATY CONFERRED AUTHORITY

Eight Great Powers Are Entitled to Two Thousand Men—Only America and France Now Have Full Quota.

Washington, Nov. 28.—The action of the Japanese government in ordering 700 Japanese troops to Tien Tsin and Pekin is explained by a statement just issued by the department of state. It shows the movement is strictly in conformity with authority conferred by treaty and that it is taken with the full knowledge and consent of the council of foreign ministers at Pekin. The statement is as follows:

"The department this afternoon has received official advice showing that the representatives of the powers at Pekin are agreed that in the present situation the numbers of the legation guards at Pekin and of the troops intended to be ready in case of necessity to keep open communication with Pekin should be brought up to something like the full quotas indicated for both these purposes in the agreements made after the Boxer trouble in 1900 and 1901. The department's telegrams indicate no particular change in the situation at Pekin."

Under the protocol of 1901 and subsidiary arrangements terminated the Boxer troubles, an understanding was reached that the strength of the legation guards at Pekin should be 2,000 men, furnished by the United States, Germany, France, Great Britain, Japan, Italy, Austria-Hungary and Russia, in about equal numbers. The total number of guards of all nationalities now at Pekin is only 1,200.

It was arranged that permanent garrisons for the protection of the railway should be maintained at Tien Tsin and Shanghai Kwan, the former first fixed at 2,000 men and the latter at 1,500, and also that eight other minor stations along the railway should be occupied by a force of 300 men each, or a total of 5,900 men of all arms as railway guards. The number now stationed along the line is approximately 3,200, of which 2,100 are at Tien Tsin and about 1,100 at Shanghai Kwan.

The American and French legation guards at Pekin are already at the maximum, 240 men. Those of the other nationalities with two or three exceptions are at about half strength.

KAW DRAINAGE SUITS SETTLED

Stock Yards Company Loses and Fowler Suits Will be Tried Next Week.

Topeka, Nov. 28.—The suits of the Kansas City Stock Yards company against the Kaw Valley drainage district were settled in the United States court here by filing of stipulations fixing the judgments and rights of the stock yards and the drainage district to lands on the Kaw river in Kansas City, Kan. The drainage district was given absolute jurisdiction to the land within the harbor lines, as fixed by the court two years ago. The drainage district is also to have 30 feet additional land on which is to be built the levee. This action finally settles the rights of the drainage board and the stock yards company relative to lands along the Kaw.

The suits for \$1,500,000 against the Kaw Valley drainage district brought by the Fowler Packing company in the United States circuit court will be tried next week.

Gas Rate to Federal Court.

Topeka, Nov. 28.—The suit of the public utilities commission against the Kansas Natural Gas company to prevent the increase in gas rates to the different Kansas towns was transferred to the United States circuit court. Judge Pollock granted a special hearing when the case will be taken up on the application of the utilities commission to continue the injunction granted by the state court preventing the increase.

Conley Sisters in Contempt.

Topeka, Nov. 28.—McCabe Moore, assistant United States district attorney, has prepared a motion asking the United States court to compel the Conley sisters of Kansas City, Kan., to show cause why they should not be cited before the court for contempt. The motion probably will be made to apply chiefly to Miss Lydia Conley, who has engineered the fight the sisters have made to save Huron cemetery.

May Lose Stephens College.

Columbia, Mo., Nov. 28.—If the campaign to raise \$100,000 for Stephens college is not successful, Columbia may lose the institution. In every city in Missouri in which there are Baptist churches effort was made to raise money for the support of the college. The college is \$80,000 in debt and an additional \$20,000 is needed to put it on its feet. About \$5,000 has been promised here.

ACTUAL STARVATION.

Facts About Indigestion and Its Relief That Should Interest You.

Although Indigestion and Dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling, and good-tasting food, because it does not agree with them.

The best thing to do is to fit yourself to digest any good food.

We believe we can relieve Dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with Indigestion or Dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy digestion and assimilation.

A 25c. package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

SEIDEL FACES IMPEACHMENT

Milwaukee Alderman Files Charges Against Mayor and Other Officers.

Milwaukee, Nov. 28.—The impeachment of Mayor Seidel, Carl D. Thompson, city clerk, and Daniel W. Hoan, city attorney, for alleged malfeasance, misfeasance and nonfeasance in office in connection with the 1911 tax assessment, is asked by Alderman J. P. Carney in charges submitted to the common council at an adjourned meeting.

The city officials named are charged with employing tax ferrets to investigate the taxable property of Milwaukee, paying them out of a contingent fund for the use of the city attorney for city purposes.

The second charge says the persons so employed made an investigation of the assessment before and during the time fixed by law for the association of the board of review; that they made a full and regular report of their discoveries and findings to Mr. Hoan, and Mayor Seidel and Clerk Thompson were fully informed of the investigation.

The third charge alleges that the mayor, the city clerk and the city attorney failed in their duty in that they did not lay the information before the board or review, and the fourth count alleges that the persons employed conspired with each other to withhold information.

Saved Many From Death.

W. L. Mock of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, la grippe, croup, asthma or other bronchial affections, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe it is the best throat and lung medicine that is made." Easy to prove his right. Get a trial bottle free, or regular 50c or \$1.00 bottle. Guaranteed by the Orear-Henry Drug Co.

Starts Much Trouble.

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or violent liver trouble they would soon take Dr. King's New Life Pills and end it. It's the only safe way. Best for biliousness, headache, dyspepsia, chills and debility. 25c at the Orear-Henry Drug Co.

PROFESSOR OSLER RIGHT.

Youth Succeeds Age—Gray Hair First Sign of Age—Harmless Remedy Restores Color.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today, and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

RAILROADS MAY OWN COAL MINES

Control of Grain Elevators Also Held Legal by Supreme Court.

DECISION AFFECTS MANY ROADS

Proceedings in Ouster Brought Against Missouri Pacific by Attorney General Hadley Just Decided.

Jefferson City, Nov. 28.—With all of the judges of the supreme court in banc concurring except Judge Kennish, who did not sit, Chief Justice Valliant delivered an opinion in which it is held that it is not contrary to the constitution for a railroad company operating in Missouri to own stock in coal mining and elevator companies.

This decision was in the ouster proceedings instituted by Gov. Hadley when he was attorney general against the Missouri Pacific Railroad company and he was aided in the suit by Frederick W. Lehmann of St. Louis, now solicitor general of the United States.

The proceedings were based on a part of that section of the constitution which forbids corporations from engaging in business other than that expressly authorized in its charter and in the case just decided the right of the Missouri Pacific to ownership of Western Coal and Mining company, the Rich Hill Coal Mining company and the Kansas City Elevator company was questioned.

Judge Valliant holds that the business of mining coal or operating an elevator is not of such a character that the inhibition of the constitution would prevent a railroad from engaging in either. Coal is necessary, he declares, in the operation of trains and no one could contend for a moment that a railroad cannot buy a mine and dig its own fuel supply. He further says that elevators are a convenience in handling grain and while he does not say so explicitly, the inference is that the ownership of stock in an elevator is a convenience in handling grain and not a violation of the law. Similar cases against the Wabash and the St. Louis, Iron Mountain & Southern companies will be governed by the opinion in the Missouri Pacific case.

Special Agent Sent Out by Government Arrives in St. Louis on Return Trip.

St. Louis, Nov. 28.—Nearing the end of what he calls the first motor car round trip of the national trails of the United States, Thomas E. Wilby, special agent of the office of good roads at Washington, has arrived here with Mrs. Wilby and a chauffeur. On the trip Mr. Wilby laid out a trans-continental highway from New York to San Francisco, by way of Chicago, Cheyenne and Reno. The return is being made by the "southern route," which, between Santa Fe, N. M., and Independence, Mo., is the old Santa Fe trail.

Fulton Voted Yes.

Fulton, Mo., Nov. 28.—The proposition to form the Fulton special 8-mile road district carried here by a vote of 428 to 101. A majority in favor of the measure was cast in every ward. Eighty-eight more votes were cast than at the last election in July.

It will be welcome news to dyspeptics to learn of a remedy that, in the opinion of thousands, is an absolute cure for indigestion and all forms of stomach trouble, and, better still, it is guaranteed to do so. The remedy is Dr. Caldwell's Syrup Pepsin.

We all know the value of pure pepsin in indigestion, and add to this some exceptional laxative ingredients and you have a truly wonderful remedy. Mr. T. W. Worth of Forsythe, Ga., got to the point where he could not even eat or digest vegetables and after many years of seeking he found the cure in Dr. Caldwell's Syrup Pepsin. Mr. Rudy Kaser of Moline, Ill., was in the same bad predicament with his stomach, took Syrup Pepsin and is now cured.

Hundreds of others would gladly testify.

It is a guaranteed cure for indigestion, constipation, biliousness, headaches, gas on the stomach and similar complaints. A bottle can be had at any drug store for fifty cents or a dollar, but if you wish to make a test of it first, send your address to Dr. Caldwell and he will supply a free sample bottle, sent direct to your address. You will soon admit that you have found something to replace salts, cathartics, breath perfumes and other temporary reliefs. Syrup Pepsin will cure you permanently.

MRS. PATTERSON WIRES STROUSS

Slayer of Husband Makes First Appeal to Man Who Wronged Her.

HAD TRIED TO PROTECT HIS NAME

Now Begs Millionaire Clothing Manufacturer to Give Testimony Which She Believes May Save Her Life.

Denver, Nov. 28.—Mrs. Gertrude Gibson Patterson has cried out for the first time in her trouble to Emil Strauss, the Chicago millionaire, to come to her aid.

Just before resuming the stand for cross-examination, the little woman sent a telegram to the millionaire clothing manufacturer who had taken her as a little girl of 16 years, in the full beauty of youth, from her home in a little coal mining town, and turned her into a woman of the world. In this message, she begged the man who started her on the path which finally led her to a prison cell and this dramatic battle, which may send her to the gallows, to come to Denver immediately to testify in her behalf. She declared Strauss could break down the story of the prosecution that she was once an inmate of a St. Louis resort, and that he could also clear her name of many black charges made against her by the prosecution.

Mrs. Patterson wept bitterly as she wrote the telegram. Throughout her ordeal, she had sought to protect Strauss. It was only under most biting cross-examination on the witness stand that she revealed Strauss as having led her astray and made her his mistress when she was still only a little school girl in short dresses. Before she killed her husband she had fought repeatedly with Charles Patterson to prevent him from in any manner hurting Strauss or his pocket-book.

When the shooting came and Mrs. Patterson was charged with the murder, Strauss went into hiding. He had paid the woman well for her "services," he told a friend, and did not feel called upon to do any more.

Still the girl persisted in her efforts to protect him.

Her final appeal to him for aid came only after many sleepless hours, caused by memories of the hours she had spent under the lashing of the prosecutor. Her attorney told her the appearance of Strauss might do much toward saving her from the gallows. It then became a question of saving her life or saving Strauss.

Just before she decided to appeal to Strauss, she exclaimed: "Strauss is a cur. Why don't he come to my aid and help me out of the trouble. He is hiding in a hole like a dog. I have learned a lesson and the person whom I thought was a man I have found to be a cur of the lowest type."

CLEANUP OF WICHITA A REALITY

Mayor Minnick, After Visit to Topeka, Calls Up Police and Talks Business to Them.

Topeka, Nov. 28.—Wichita has finally decided that it needs cleaning up and Gov. Stubbs is highly pleased. Mayor Minnick was here last week and had a long talk with the governor about the liquor situation and resorts in the town. He then returned home and called every policeman on the force to a meeting in his office and made a straight talk to them.

"It's up to you men to see that Wichita is kept clean," said he. "If reports come to me of joints or immoral places being found on your beats and you have not made an arrest the man on the beat will lose his star that night. This cleanup is not going to hurt Wichita and you must see that it is kept up. You are directed to arrest every law violator at once."

Stopped a Suicide.

Hot Springs, Ark., Nov. 28.—M. T. Hidy, a young man wanted in Fort Scott, Kan., on the charge of obtaining \$250 under false pretenses may lay the blame for his arrest on a girl in Fort Scott, to whom he sent a picture of the observatory on Hot Springs Mountain, and said he was going to jump from its top and end it all. The girl notified the police at Fort Scott who in turn notified the local authorities and the young man was apprehended.

Juror Talked Too Much.

New York, Nov. 28.—The trial of Lillian Graham, and Ethel Conrad, the show girls who are charged with shooting W. E. D. Stokes, was halted abruptly by the withdrawal of a juror at the instance of the court. It had been rumored about the courtroom throughout the morning that the trial would be delayed because someone had discussed the case indiscreetly.

Harvester Ouster Stands.

Jefferson City, Nov. 28.—The supreme court has reduced the fine imposed upon the International Harvester company from \$50,000 to \$25,000 but the judgment of ouster was not disturbed.

MAYOR SELLING POULTRY

STILL FIGHTING INDIANAPOLIS COMMISSION MEN.

Efforts to Reduce High Cost of Living Breaks Market Price of Thanksgiving Birds.

Indianapolis, Nov. 28.—In his fight on the high cost of poultry, Mayor Shank will have on sale at the city market hundreds of chickens, turkeys, geese and ducks, all of which will be sold direct from the producer to the consumer at cost. As a result of his fight the bottom of the poultry market in this city has fallen out and all dealers are being forced to sell at a very small profit.

The mayor expects to have enough birds to supply the demand, and incidentally is planning a little turkey parade as a demonstration of the fight he is conducting against the high cost of living.

If there are any turkeys left after the market closes at noon the mayor proposes to load them in cages on motor trucks and parade them through the downtown streets. There will be plenty of turkeys and dressed chickens for the all day market at the mayor's poultry stand.

In addition to live turkeys and dressed chickens, the mayor expects to have a number of dressed turkeys on sale at 22 cents a pound, or about three cents below the minimum price that is being asked for dressed turkeys elsewhere. Live turkeys will sell at 18 and 19 cents a pound.

Dressed chickens will sell at 14 to 19 cents a pound. There are also to be a number of live ducks and geese on sale at low prices. The mayor did not know just what price he will have to charge for these, but the price will be considerably below the usual retail price. The sale of poultry last Saturday was so successful that the supply from Greene county was exhausted several hours before market closed.

NO LIQUOR FOR DRY TERRITORY

Supreme Court Upholds Injunction to Prohibit Sales in Chariton County.

Jefferson City, Nov. 28.—In the supreme court in banc Judge Ferris filed an opinion relating to the method of restraining the illegal sale of intoxicating liquors in local option territory. The case came from Chariton county, where the prosecuting attorney brought an injunction proceeding against W. A. Thrash, to prohibit him from conducting a restaurant where he was selling intoxicating liquors in violation of the law.

Circuit Judge Fred Lamb granted the injunction on the ground that the place was a public nuisance, and the attorneys for Thrash brought the matter to the supreme court on a writ of prohibition. The decision denies the writ of prohibition. All the judges concurred.

GOVERNOR BECOMES SALESMAN

Hadley Says Missouri Capitol Securities Are as Desirable as Government Bonds.

Jefferson City, Nov. 28.—Governor Hadley has become an active sales agent for the new state capitol bonds. His hope is to see all of the issue of \$3,500,000 taken by investors in this state, and in furtherance of that plan has written a letter to the clearing house associations of Kansas City, St. Louis and St. Joseph, calling attention to the desirable features of the bonds.

"I feel that I can fairly say that these securities are as valuable and desirable as bonds issued by the national government," the governor says in his letter. Then he points out that the fixed rate of interest, 3½ per cent, really will amount to more than that, as interest payments are to be made semi-annually.

Ozark Turkeys Plentiful.

Springfield, Mo., Nov. 28.—Eight box cars made up a "turkey special" which left the St. Louis & San Francisco depot for St. Louis, loaded with turkeys, rabbits and other game from the Ozarks for Thanksgiving dinners. Six carloads were shipped previously and another load will follow. The specials carry on each trip about 90,000 pounds of game.

Iowa Has a Trademark.

Des Moines, Ia., Nov. 28.—An official Iowa trademark was registered with the secretary of state here and in the future the products of the factories of the state will be stamped with a design of a hawk's head within a cogwheel and the words "Made in Iowa." Iowa is said to be the first and only state to have an official trademark.

New Orleans in Port.

New Orleans, Nov. 28.—Amid a din of whistling from the river craft, the replica of the steamboat New Orleans, which was the first steam vessel to ply the Mississippi river, came into the harbor here, completing a cruise from Pittsburgh in celebration of the centennial anniversary of the inauguration of steamboating on the "Father of Waters."

Mary Chamberlain's Sister Weds. Salina, Kan., Nov. 28.—Miss Lena Chamberlain, 20, youngest sister of Mary Chamberlain, complainant in the far case at Lincoln Center, was married here to Owen Harr, 22, of Beverly.

DAILY DEMOCRAT FORUM

(Successor to the Maryville Republican)

VOLUME 2.

MARYVILLE, MISSOURI, TUESDAY, NOV. 28, 1911.

NO. 152.

ADVOCATE PRIMARY

FOLK-FOR-PRESIDENT BANQUET
ASK GOVERNOR TO TAKE ACTION

WANT NEW LAW PASSED

Would Have Special Session of Legislature Called to Legalize Primary and Provide Safeguards.

Realizing the Folk-for-president followers in Missouri are committed to a state-wide primary to settle the Clark-Folk question, the leaders in the former governor's behalf want Gov. Hadley to call a special session of the legislature to adopt a presidential primary law similar to the law in Oregon, says the St. Louis Times. With this in view, the Democratic voters in Southwest Missouri, at a dinner at Joplin Friday night, adopted a resolution directed to Gov. Hadley.

The request was made at a Folk-for-president dinner, and is intended to show that there is no penalty clause for fraud in a primary that is held under the direction of the state committee. The clause in the resolutions covering this question is:

"We are so confident that the people of Missouri will uphold the action of the Democratic state convention that we will welcome Gov. Herbert S. Hadley assembling the legislature in extraordinary session, that a presidential primary law for the election of delegates to the national convention may speedily be enacted, and that this law shall contain a criminal clause for the purpose of prosecuting fraudulent voters."

The Folk men see that unless the legislature passes a law to govern a presidential primary they will be forced to accept the regulations of the state committee, which they recognize as hostile to Folk's candidacy. They especially fear what will be done to them in the cities without any penalty clause for fraudulent voting.

The backers of Folk in Southwest Missouri, who were behind the dinner, according to the stories in St. Louis Monday, are afraid to come out openly for a demand upon the governor to call the special session of the legislature, and couch the request in the language that the people will uphold the governor if he should call the legislature in special session for such a purpose. When the time comes for the primaries it is likely the various candidates whose names go on the ballot, if the primary finally is ordered, will be asked to split the expense for the judges, clerks and polling places as well as all other expense.

It is figured that not less than \$70,000 will be required to hold a state-wide primary. With only Clark and Folk as candidates with their names on the ballots it means that the Folk men would be expected to raise half the money. The Folk men do not, according to the stories Monday, want to spend any \$35,000 with the other faction having control of the power that appoints judges and clerks.

Mr. and Mrs. F. B. Helwig of Eldorado, Ark., who had been spending a few days in Maryville with Mr. Helwig's mother, Mrs. S. A. Helwig, and sister, Miss Katherine Helwig, left for their home Monday evening.

WILL BE HELD WEDNESDAY.

Funeral Services of W. R. McKee to Be Conducted at Home, Near Pickering.

The funeral services for W. R. McKee, who died at his home, two and a half miles east of Pickering, Sunday evening at 8:30 o'clock, will be held Wednesday afternoon at the family home, the services being conducted by Rev. Fred M. Lindenmeyer, pastor of the Christian church at Pickering. The Masonic lodge will have charge of the services at the grave.

The cause of death was a cancer on his back, from which he has suffered intense pain since February 5th, of this year. Three years ago he was sick with pneumonia, but previous to this he was a remarkably robust and healthy man. Reed McKee has been known all his life as a jovial, pleasant man, whose presence never cast a shadow; and this characteristic of his life was carried out to the very end. He bore his suffering with remarkable fortitude. He was a good citizen, a loving husband and a kind father, always delighting to be with his family and trying to make them happy.

He has a host of friends who sympathize with his family in their bereavement. He has been a member of Pickering lodge, No. 472, A. F. and A. M., for about twenty-five years. He united with the United Brethren church before coming to Missouri, while a resident of Ohio, which was his native state. He was a member of the Christian church at Pickering at his death.

Left for Their New Home.

Mrs. J. H. McGarry and four sons and daughter, who have been living east of Maryville, left Tuesday morning for their new home, near Fort Scott, Kan. Mr. McGarry and their two oldest sons left several days ago with the car of household goods. Their daughter, Emma, who has been attending St. Patrick's parish school in this city, will attend the convent school in Fort Scott. Mr. McGarry has purchased 160 acres of land four miles from Fort Scott. The family has the best wishes of many friends for happiness and prosperity. It was not easy for them to give up old friends and go to their new home. Mrs. McGarry is a niece of the late John and Peter Quirk, who lived for many years two miles south of Maryville, and was born and reared in this county.

To Clean White Furs.

To clean white furs, moulton, rabbit, swan's down and ermine, first beat out all the dust, gently but thoroughly, then lay the article upon a table covered with a clean, white cloth and saturate it with a mixture of grain alcohol, three parts, and ether one part. With a clean whisk work the fluid into every hair and down to the skin. Then sift into the fur all the boracic talcum it will hold, lifting the fur so that the powder reaches the roots. Then put into a closed box and leave for three days. Take out the furs, shake out the powder, removing that which cannot be so easily dislodged by brushing with a perfectly clean whisk. Then pat the furs well on the wrong side to raise the nap.—Woman's National Weekly.

Will Remain Until Christmas.

Miss Clara Kalterman, who has resigned her position with the Alderman dry goods house, will remain until Christmas day to assist with the holiday trade. Miss Kalterman had intended to accompany her sister, Mrs. James Price, to her home in Kansas City Monday morning. Mrs. Price, who came to Maryville a week ago to assist her sister in packing her household goods, returned home Monday. The apartments vacated by Miss Kalterman at the home of Judge and Mrs. I. K. Alderman will be occupied by Mr. and Mrs. G. F. Woodard.

Elected Judge in Buffalo.

Patrick J. Keeler, who grew to manhood in the Clyde vicinity, and who has many friends in the county, was elected city judge of Buffalo, N. Y., at the election held recently for a term of eight years. Mr. Keeler has been practicing law in Buffalo seven years. He has also been active in Republican city politics. He won the election by a majority of 4,577.

Horace F. Leet and his daughter, Miss Elizabeth, went to Kansas City Monday evening for a several days' stay.

WILL REMAIN UNITED FOR ANOTHER ROAD

CLARK'S PREDICTION AS TO THE NATIONAL DEMOCRACY.

REPLACE THE OLD HABIT

No Longer Quarreling, But Counseling Together and Presenting an United Front to the Enemy.

Washington, Nov. 27.—Speaker Champ Clark today said that he had devoted the last three years chiefly to getting the house Democrats together and holding them together, and that after seventeen years of factional fighting the Democrats "are united, and by the blessings of God will remain so."

"I did not do it all, by a long shot," he added. "I had lots of help, and every Democrat who participated in that troublesome, laudable work deserves his full share of the honor. Where there was once despair in Democratic hearts, there is high hope now."

In this way the titular head of the Democratic lower house of congress made indirect reply to criticisms of the former presidential candidate, William J. Bryan, as to the speaker-ship of the house. Mr. Clark referred to the great importance of unity and wisdom among the Democrats to draw out voters not belonging to the Democratic party.

"The most important feature of the extraordinary session of congress from a political standpoint," said he, "was the fact that we pulled together, worked together, fought together and won together. We replaced the old habit of defeat with the new habit of victory, the bad fashion of quarreling among ourselves with the better fashion of taking counsel together and then presenting a solid front to the astonished enemy."

"The trend of public opinion is toward the Democrats. President Taft's long trip seems to have left things in statu quo."

The speaker said that the recent elections prove that wherever the tariff was the sole or principal issue the Democrats won, and that when President Taft vetoed the tariff bills it was inevitable that the tariff would be the leading issue next year.

"The charge that I am in favor of the forcible annexation of Canada is not based on a single fact," added the speaker. "I have frequently for years now expressed the hope that there might be a union of the two countries by mutual consent and for the good of both."

Traveling for Lumber Company.

Harry Awaft, who is traveling for the Bradford-Kennedy Lumber company of Omaha, was in the city Sunday and Monday. He went to Hopkins Tuesday noon on his regular business trip.

On Visit to Brothers.

Mr. and Mrs. C. R. Fluke of Platt, Ill., were in Maryville Tuesday on their way to Hopkins to visit Mr. Fluke's brother, George Fluke, and family. They will also visit Charles Fluke and family at Athelston, Mo. Mrs. George Fluke of Hopkins is a sister of Mrs. C. R. Fluke.

Returned From Kansas City.

Mrs. E. J. Williams and son Donald E. and Mrs. Williams' mother, Mrs. Solomon Clark, returned Monday night from a week's visit with the family of Mrs. Clark's late son, John Montanye. Mrs. Clark went to her home at Pickering Tuesday noon.

Marriage Licenses Issued.

A marriage license was issued Tuesday by Recorder Wray to Robert Patton and Martha E. Russnogle of Skidmore. They were married Tuesday morning by Probate Judge Conn. Another license issued Tuesday was to Peter M. Jorgenson and Bessie E. Thompson of Barnard.

Clarence Warren Getting Better.

Clarence Warren, the 16-year-old son of Mrs. Nettie Warren of South Walnut street, who fell last Friday on the high school grounds and broke one of his ankles while engaging in a friendly scuffle with a classmate, is improving as well as possible. His sufferings were intense until Tuesday, when the pain became less severe. The young man fell some time in September from the awning under Dietz & Keck's tailor shop windows and was painfully bruised, and was just beginning to get over that accident when he broke his ankle.

FROM NEBRASKA CITY, NEB., TO QUINCY, ILL., VIA MARYVILLE.

TO MARK GLIDDEN ROUTE

Maryville Good Roads Advocates to Co-Operate With Other Towns to Secure and Maintain Routes.

At a meeting held in the Commercial club rooms Monday afternoon of autoists from Tarkio, Burlington Junction and this city, another proposed trail was suggested by Paul Sisson and G. B. Roseberry which met with favor from those present. The trail as proposed is to start at Nebraska City, Neb., and take in Tarkio, Burlington Junction, Maryville, Albany, Trenton and then on to Quincy, Ill. From Trenton, it was proposed that the trail should go south and meet the State Highway. The plan of the new highway met with much encouragement from the visitors, and it was decided that at a later meeting, to be held in Tarkio, some action would be taken to establish the trail if it met with approval from the other towns.

It was also decided at the meeting that Maryville would pledge their help and support to keep up the Glidden route of 1910, which passed through Maryville, Burlington Junction and Tarkio and on to Shenandoah and Omaha. The road from this city is to be marked and the road is to be improved so it will be kept in the "Blue Book," the official automobile guide book.

A meeting was arranged for at Tarkio for Wednesday, at which time an organization will be formed and work will start at once on marking the road from Maryville to Tarkio and Shenandoah. A number of Maryville people were planning to attend the meeting, but owing to the cold weather a later date will probably be set for the meeting.

Ladies of Mt. Airy Will Serve.

The ladies of the Mt. Airy M. E. church will give an oyster and chicken pie supper Thanksgiving night at the home of Mr. and Mrs. J. A. Carmichael, who live four and one-half miles east of Maryville. Everybody invited.

Singers, Attention!

The members of the various choirs of the city are requested by Director P. O. Landon of the Conservatory to meet him at the First Baptist church Wednesday evening at 7:45 o'clock to practice appropriate music for the union Thanksgiving services, which will be held Thursday morning at 10:30 o'clock at that church.

Meeting of the P. E. O.

The P. E. O. chapter met in a social session Saturday afternoon at the home of Mrs. O. C. Hanna, with Mrs. Hanna and Miss Mary Q. Evans as hostesses. The members spent the afternoon in work on Christmas presents. In answer to roll call, each responded with something in regard to France, her customs, her people, her history. Miss Mae Corwin gave two vocal numbers in French from a French opera. Miss Mabel Todd and

Miss Nelle Hudson gave a piano duet by a French composer, and Miss Carrie Hopkins told of how Christmas is observed in France. Miss Lella Bone-witz told of the fetes and games of that country. The hostesses served refreshments.

Gave Afternoon Tea.

Mrs. George B. Baker and Mrs. Edward F. Wolfert entertained 100 guests Monday at an afternoon tea from 2:30 to 5:30 o'clock. The music for the afternoon was furnished by Mr. Glenn Goff, pianist. No particular color scheme was carried out in the decorations. In the dining room ferns, smilax and lavender chrysanthemums were used in profusion. In the library pink carnations and smilax, and in the music room ferns were used exclusively. Assisting the hostesses in entertaining and serving were Mrs. M. Nusbaum, Mrs. J. C. Allender, Mrs. O. C. Hanna, Mrs. J. F. Colby, Mrs. Emery Alry, Miss Kate Willis, Mrs. T. L. Wadley, Mrs. G. H. Colbert, Mrs. M. G. Tate, Mrs. J. S. Shinabargar, Mrs. C. C. Graves, Mrs. S. G. Gillam, Mrs. R. B. Montgomery, Mrs. Lafe Allender, Miss Browne Toel, Mrs. J. F. Montgomery, Mrs. George Wilfley and little Margaret Louise Hosmer.

U. C. T. Social Meeting.

Probably the closing social meeting of the year for the U. C. T. was held Saturday night at the regular meeting place in Woodmen hall, and was one of the best meetings the members and their wives have held. The host and hostesses were: Mr. and Mrs. Henry Westfall, Mr. and Mrs. Henry Martin, Mrs. G. A. Pickens, Mrs. Hal Hooker, Henry Thorp, John Hansen and W. H. Gilbert. Progressive dominoes were played, Miss Maud Sheldon winning the lady's prize and Mr. Henry Thorp the gentleman's prize. The consolation prize went to John Hansen. Refreshments were served from the Westfall cafe. During the social hour following the serving of refreshments a December meeting was considered, but it was thought impracticable to think of holding another meeting this year, owing to the very busy times for the members of the U. C. T. In response to repeated calls from those present Mr. E. G. Orear responded with a happy toast to the U. C. T. for the coming year, which was highly appreciated, and closed with these words:

"With the near approach of the new year I would suggest that each one of us procure a calendar, one of perfectly blank paper for each day, with the date printed small in a corner.

"The clear white page should remind every one that each day is a blank until we put something on it, and we may put on it what we will.

"Opportunity each morning puts a brand new, fresh day up to every one to see what they will do with it. At night the same band tears off the sheet, crumples and throws it away.

"Yesterday is dead. It is only today that we can write upon the page, only the deeds of today that we may control."

Conservatory Recital.

Considering the severe weather Monday night, the fortnightly recital at the Conservatory was well attended. Those contributing piano numbers were Misses Bernice Crawford, Wilda Keef, Helen Curfman, Mildred Shinabargar, Laura Curfman, Mary Margaret Richey, Maud Tarpley, Marie Reuillard, Mabel Dyart, Eunice Gatten, Annetta Lorraine.

No Thanksgiving dinner is complete without Reuillard's ice cream and pastry.

SALE OF FINE HORSES.

Roelofson Will Hold Sale Tomorrow at His Farm, South of Town.

J. F. Roelofson will sell on Wednesday, Nov. 29, at Maryville, a consignment of forty-five excellent young animals from his well established herd of Percheron and Standard bred horses. Mr. Roelofson has been breeding pure-bred stock for many years, starting on the right kind of foundation stock and by using nothing but the best sires in each generation and by judicious breeding he is establishing a line of breeding of which any man might well be proud. He has now at the head of his Percherons the great dark dapple gray horse Phenix 42316, which he selected as the proper horse to use on the good mares and fillies already on the farm. To say that Phenix has made good is putting it mildly, for in the four years he has been used in this herd he has proven almost a phenomenal sire, his colts being uniformly good and with plenty of size and brim full of quality, with the broad, clean bone we so much admire. You see no tendency toward unsoundness in any of the Phenix colts, which is so often the case in many instances. The reason is apparent, however, for when we look at this good sire, now 7 years old, we find him as sound as a new-milled dollar and a great big fellow, weighing over 2,100 pounds and built all over alike. Phenix was taken out on the show circuit last year with a sample of his sons and daughters and never failed in a single instance to win championship as a sire, and of course it was his good youngsters that made such winnings possible, but it was with the same results at all the shows which included such as the Missouri state fair, the Interstate at St. Joseph and the American Royal at Kansas City in 1910. Was not exhibited this year. The most of the Percherons in this sale are sired by him or are in foal to him.

Mr. Roelofson has always been a great fancier of good horses. He has not only admired the individual but has been a close student of bloodlines, and is very much interested in figuring out the proper matings, and while doing this he has also succeeded in

producing some of the best specimens of the light harness horse, and about half the number in this sale will be of that type. His Standards are very handsome and belong to some of the very best families known in the American trotting registry. His Percherons are invariably blacks or grays, but his Standard-breds are even more uniform in color, being absolutely all bays. They also have plenty of size as well as quality throughout.—St. Joseph Stock Yards Journal.

RHEUMATISM TAKES BIG DROP.

Widespread Adoption of New Cure Puts Immediate Check on Present Spread of Rheumatism.

The crusade against the serious spread of rheumatism in this section has had its effect. In nearly all the important towns of the state a concerted movement was begun to stamp out the disease, by the wide publication of the best known means of curing rheumatism, quickly and surely.

As an illustration of the astonishing results secured by the new treatment, which has been so widely recommended, out of one thousand serious cases noted, every single one has already been cured. These results have been carefully verified.

It was certain that some treatment had to be recommended. Which one, was the question.

Actual results had to govern, regardless of reputation or favoritism. The record above mentioned was accomplished by the new treatment, "Fuss" Rheumatism Cure. This remedy is different from anything else ever prepared for rheumatism. It contains no alcohol, opium, cocaine, morphine, chloral, chloroform, or other poisonous drugs contained in the great majority of patent medicines.

We earnestly recommend all our readers who may suffer from rheumatism, gout, lumbago, or kidney trouble not to fail to try this remedy.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.

WHY JAPAN SENT TROOPS TO CHINA

Department of State Explains Placing of Soldiers in Tien Tsin.

TREATY CONFERRED AUTHORITY

Eight Great Powers Are Entitled to Two Thousand Men—Only America and France Now Have Full Quota.

Washington, Nov. 28.—The action of the Japanese government in ordering 700 Japanese troops to Tien Tsin and Pekin is explained by a statement just issued by the department of state. It shows the movement is strictly in conformity with authority conferred by treaty and that it is taken with the full knowledge and consent of the council of foreign ministers at Pekin. The statement is as follows:

"The department this afternoon has received official advices showing that the representatives of the powers at Pekin are agreed that in the present situation the numbers of the legation guards at Pekin and of the troops intended to be ready in case of necessity to keep open communication with Pekin should be brought up to something like the full quotas indicated for both these purposes in the agreements made after the Boxer trouble in 1900 and 1901. The department's telegrams indicate no particular change in the situation at Pekin."

Under the protocol of 1901 and subsidiary arrangements terminated the Boxer troubles, an understanding was reached that the strength of the legation guards at Pekin should be 2,000 men, furnished by the United States, Germany, France, Great Britain, Japan, Italy, Austria-Hungary and Russia, in about equal numbers. The total number of guards of all nationalities now at Pekin is only 1,200.

It was arranged that permanent garrisons for the protection of the railway should be maintained at Tien Tsin and Shanghai Kwan, the former first fixed at 2,000 men and the latter at 1,500, and also that eight other minor stations along the railway should be occupied by a force of 300 men each, or a total of 5,900 men of all arms as railway guards. The number now stationed along the line is approximately 3,200, of which 2,100 are at Tien Tsin and about 1,100 at Shanghai Kwan.

The American and French legation guards at Pekin are already at the maximum, 240 men. Those of the other nationalities with two or three exceptions are at about half strength.

KAW DRAINAGE SUITS SETTLED

Stock Yards Company Loses and Fowler Suits Will be Tried Next Week.

Topeka, Nov. 28.—The suits of the Kansas City Stock Yards company against the Kaw Valley drainage district were settled in the United States court here by filing of stipulations fixing the judgments and rights of the stock yards and the drainage district to lands on the Kaw river in Kansas City, Kan. The drainage district was given absolute jurisdiction to the land within the harbor lines, as fixed by the court two years ago. The drainage district is also to have 30 feet additional land on which is to be built the levee. This action finally settles the rights of the drainage board and the stock yards company relative to lands along the Kaw. The suits for \$1,500,000 against the Kaw Valley drainage district brought by the Fowler Packing company in the United States circuit court will be tried next week.

Gas Rate to Federal Court.

Topeka, Nov. 28.—The suit of the public utilities commission against the Kansas Natural Gas company to prevent the increase in gas rates to the different Kansas towns was transferred to the United States circuit court. Judge Pollock granted a special hearing when the case will be taken up on the application of the utilities commission to continue the injunction granted by the state court preventing the increase.

Conley Sisters in Contempt.

Topeka, Nov. 28.—McCabe Moore, assistant United States district attorney, has prepared a motion asking the United States court to compel the Conley sisters of Kansas City, Kan., to show cause why they should not be cited before the court for contempt. The motion probably will be made to apply chiefly to Miss Lydia Conley, who has engineered the fight the sisters have made to save Huron cemetery.

May Lose Stephens College.

Columbia, Mo., Nov. 28.—If the campaign to raise \$100,000 for Stephens college is not successful, Columbia may lose the institution. In every city in Missouri in which there are Baptist churches effort was made to raise money for the support of the college. The college is \$80,000 in debt and an additional \$20,000 is needed to put it on its feet. About \$5,000 has been promised here.

Facts About Indigestion and Its Relief That Should Interest You.

Although Indigestion and Dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling, and good-tasting food, because it does not agree with them.

The best thing to do is to fit yourself to digest any good food.

We believe we can relieve Dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with Indigestion or Dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy digestion and assimilation.

A 25c. package of Rexall Dyspepsia Tablets furnishes 15 days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. The Oregan-Herry Drug Co., 113 North Main Street.

SEIDEL FACES IMPEACHMENT

Milwaukee Alderman Files Charges Against Mayor and Other Officers.

Milwaukee, Nov. 28.—The impeachment of Mayor Seidel, Carl D. Thompson, city clerk, and Daniel W. Hoan, city attorney, for alleged malfeasance, misfeasance and nonfeasance in office in connection with the 1911 tax assessment, is asked by Alderman J. P. Carney in charges submitted to the common council at an adjourned meeting.

The city officials named are charged with employing tax ferrets to investigate the taxable property of Milwaukee, paying them out of a contingent fund for the use of the city attorney for city purposes.

The second charge says the persons so employed made an investigation of the assessment before and during the time fixed by law for the association of the board of review; that they made a full and regular report of their discoveries and findings to Mr. Hoan, and Mayor Seidel and Clerk Thompson were fully informed of the investigation.

The third charge alleges that the mayor, the city clerk and the city attorney failed in their duty in that they did not lay the information before the board of review, and the fourth count alleges that the persons employed conspired with each other to withhold information.

Saved Many From Death.

W. L. Mock of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, la grippe, croup, asthma or other bronchial affections, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe it is the best throat and lung medicine that is made." Easy to prove he's right. Get a trial bottle free, or regular 50c or \$1.00 bottle. Guaranteed by the Orear-Henry Drug Co.

Mrs. Sarah Crosby left Tuesday noon for Talmage, Ia., to spend Thanksgiving with her son, Bert Crosby and family. She will also visit relatives at Creston before her return.

Starts Much Trouble.

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or virulent liver trouble they would soon take Dr. King's New Life Pills and end it. It's the only safe way. Best for biliousness, headache, dyspepsia, chills and debility. 25c at the Orear-Henry Drug Co.

Mrs. Elizabeth Moler of Guilford, who has been visiting her daughter, Mrs. Emma Olson of Stanberry, was in Maryville Monday on business. Mrs. Olson accompanied her mother home.

EATS WHAT HE LIKES AFTER TAKING FREE SAMPLE

It will be welcome news to dyspeptics to learn of a remedy that, in the opinion of thousands, is an absolute cure for indigestion and all forms of stomach trouble, and, better still, it is guaranteed to do so. The remedy is Dr. Caldwell's Syrup Pepsin.

We all know the value of pure pepsin in indigestion, and add to this some exceptional laxative ingredients and you have a truly wonderful remedy. Mr. T. W. Worthy of Forsythe, Ga., got to the point where he could not even eat or digest vegetables and after many years of seeking he found the cure in Dr. Caldwell's Syrup Pepsin. Mr. Rudy Kasser of Moline, Ill., was in the same bad predicament with his stomach, took Syrup Pepsin and is now cured.

PROFESSOR OSLER RIGHT.

Youth Succeeds Age—Gray Hair First Sign of Age—Harmless Remedy Restores Color.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today, and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

RAILROADS MAY OWN COAL MINES

Control of Grain Elevators Also Held Legal by Supreme Court.

DECISION AFFECTS MANY ROADS

Proceedings in Ouster Brought Against Missouri Pacific by Attorney General Hadley Just Decided.

Jefferson City, Nov. 28.—With all of the judges of the supreme court in banc concurring except Judge Kenish, who did not sit, Chief Justice Valliant delivered an opinion in which it is held that it is not contrary to the constitution for a railroad company operating in Missouri to own stock in coal mining and elevator companies.

This decision was in the ouster proceedings instituted by Gov. Hadley when he was attorney general against the Missouri Pacific Railroad company and he was aided in the suit by Frederick W. Lehmann of St. Louis, now solicitor general of the United States.

The proceedings were based on a part of that section of the constitution which forbids corporations from engaging in business other than that expressly authorized in its charter and in the case just decided the right of the Missouri Pacific to ownership of Western Coal and Mining company, the Rich Hill Coal Mining company and the Kansas City Elevator company was questioned.

Judge Valliant holds that the business of mining coal or operating an elevator is not of such a character that the inhibition of the constitution would prevent a railroad from engaging in either. Coal is necessary, he declares, in the operation of trains and no one could contend for a moment that a railroad cannot buy a mine and dig its own fuel supply. He further says that elevators are a convenience in handling grain and while he does not say so explicitly, the inference is that the ownership of stock in an elevator is a convenience in handling grain and not a violation of the law. Similar cases against the Wabash and the St. Louis, Iron Mountain & Southern companies will be governed by the opinion in the Missouri Pacific case.

MRS. PATTERSON WIRES STROUSS

Slayer of Husband Makes First Appeal to Man Who Wronged Her.

HAD TRIED TO PROTECT HIS NAME

Now Begg Millionaire Clothing Manufacturer to Give Testimony Which She Believes May Save Her Life.

Denver, Nov. 28.—Mrs. Gertrude Gibson Patterson has cried out for the first time in her trouble to Emil Strauss, the Chicago millionaire, to come to her aid.

Just before resuming the stand for cross-examination, the little woman sent a telegram to the millionaire clothing manufacturer who had taken her as a little girl of 16 years, in the full beauty of youth, from her home in a little coal mining town, and turned her into a woman of the world. In this message, she begged the man who started her on the path which finally led her to a prison cell and this dramatic battle, which may send her to the gallows, to come to Denver immediately to testify in her behalf. She declared Strauss could break down the story of the prosecution that she was once an inmate of a St. Louis resort, and that he could also clear her name of many black charges made against her by the prosecution.

Mrs. Patterson wept bitterly as she wrote the telegram. Throughout her ordeal, she had sought to protect Strauss. It was only under most biting cross-examination on the witness stand that she revealed Strauss as having led her astray and made her his mistress when she was still only a little school girl in short dresses. Before she killed her husband she had fought repeatedly with Charles Patterson to prevent him from in any manner hurting Strauss or his pocket-book.

When the shooting came and Mrs. Patterson was charged with the murder, Strauss went into hiding. He had paid the woman well for her "services," he told a friend, and did not feel called upon to do any more.

Still the girl persisted in her efforts to protect him.

Her final appeal to him for aid came only after many sleepless hours, caused by memories of the hours she had spent under the lash of the prosecutor. Her attorney told her the appearance of Strauss might do much toward saving her from the gallows. It then became a question of saving her life or saving Strauss.

Just before she decided to appeal to Strauss, she exclaimed: "Strauss is a cur. Why don't he come to my aid and help me out of the trouble. He is hiding in a hole like a dog. I have learned a lesson and the person whom I thought was a man I have found to be a cur of the lowest type."

CLEANUP OF WICHITA A REALITY

Mayor Minnick, After Visit to Topeka, Calls Up Police and Talks Business to Them.

Topeka, Nov. 28.—Wichita has finally decided that it needs cleaning up and Gov. Stubbs is highly pleased. Mayor Minnick was here last week and had a long talk with the governor about the liquor situation and resorts in the town. He then returned home and called every policeman on the force to a meeting in his office and made a straight talk to them.

"It's up to you men to see that Wichita is kept clean," said he. "If reports come to me of joints or immoral places being found on your beats and you have not made an arrest the man on the beat will lose his star that night. This cleanup is not going to hurt Wichita and you must see that it is kept up. You are directed to arrest every law violator at once."

Stopped a Suicide.

Hot Springs, Ark., Nov. 28.—M. T. Hidy, a young man wanted in Fort Scott, Kan., on the charge of obtaining \$250 under false pretenses may lay the blame for his arrest on a girl in Fort Scott, to whom he sent a picture of the observatory on Hot Springs Mountain, and said he was going to jump from its top and end it all. The girl notified the police at Fort Scott who in turn notified the local authorities and the young man was apprehended.

Juror Talked Too Much.

New York, Nov. 28.—The trial of Lillian Graham, and Ethel Conrad, the show girls who are charged with shooting W. E. D. Stokes, was halted abruptly by the withdrawal of a juror at the instance of the court. It had been rumored about the courtroom throughout the morning that the trial would be delayed because someone had discussed the case indiscreetly.

Harvester Ouster Stands.

Jefferson City, Nov. 28.—The supreme court has reduced the fine imposed upon the International Harvester company from \$50,000 to \$25,000 but the judgment of ouster was not disturbed.

MAYOR SELLING POULTRY

STILL FIGHTING INDIANAPOLIS COMMISSION MEN.

Efforts to Reduce High Cost of Living Breaks Market Price of Thanksgiving Birds.

Indianapolis, Nov. 28.—In his fight on the high cost of poultry, Mayor Shank will have on sale at the city market hundreds of chickens, turkeys, geese and ducks, all of which will be sold direct from the producer to the consumer at cost. As a result of his fight the bottom of the poultry market in this city has fallen out and all dealers are being forced to sell at a very small profit.

The mayor expects to have enough birds to supply the demand, and incidentally is planning a little turkey parade as a demonstration of the fight he is conducting against the high cost of living.

If there are any turkeys left after the market closes at noon the mayor proposes to load them in cages on motor trucks and parade them through the downtown streets. There will be plenty of turkeys and dressed chickens for the all day market at the mayor's poultry stand.

In addition to live turkeys and dressed chickens, the mayor expects to have a number of dressed turkeys on sale at 22 cents a pound, or about three cents below the minimum price that is being asked for dressed turkeys elsewhere. Live turkeys will sell at 18 and 19 cents a pound.

Dressed chickens will sell at 14 to 19 cents a pound. There are also to be a number of live ducks and geese on sale at low prices. The mayor did not know just what price he will have to charge for these, but the price will be considerably below the usual retail price. The sale of poultry last Saturday was so successful that the supply from Greene county was exhausted several hours before market closed.

NO LIQUOR FOR DRY TERRITORY

Supreme Court Upholds Injunction to Prohibit Sales in Chariton County.

Jefferson City, Nov. 28.—In the supreme court in banc Judge Ferris filed an opinion relating to the method of restraining the illegal sale of intoxicating liquors in local option territory. The case came from Chariton county, where the prosecuting attorney brought an injunction proceeding against W. A. Thrash, to prohibit him from conducting a restaurant where he was selling intoxicating liquors in violation of the law.

Circuit Judge Fred Lamb granted the injunction on the ground that the place was a public nuisance, and the attorneys for Thrash brought the matter to the supreme court on a writ of prohibition. The decision denies the writ of prohibition. All the judges concurred.

GOVERNOR BECOMES SALESMAN

Hadley Says Missouri Capitol Securities Are as Desirable as Government Bonds.

Jefferson City, Nov. 28.—Governor Hadley has become an active sales agent for the new state capital bonds. His hope is to see all of the issue of \$3,500,000 taken by investors in this state, and in furtherance of that plan has written a letter to the clearing house associations of Kansas City, St. Louis and St. Joseph, calling attention to the desirable features of the bonds.

"I feel that I can fairly say that these securities are as valuable and desirable as bonds issued by the national government," the governor says in his letter. Then he points out that the fixed rate of interest, 3½ per cent, really will amount to more than that, as interest payments are to be made semi-annually.

Ozark Turkeys Plentiful.

Springfield, Mo., Nov. 28.—Eight box cars made up a "turkey special" which left the St. Louis & San Francisco depot for St. Louis, loaded with turkeys, rabbits and other game from the Ozarks for Thanksgiving dinners. Six carloads were shipped previously and another load will follow. The specials carry on each trip about 90,000 pounds of game.

Iowa Has a Trademark.

Des Moines, Ia., Nov. 28.—An official Iowa trademark was registered with the secretary of state here and in the future the products of the factories of the state will be stamped with a design of a hawk's head within a cogwheel and the words "Made in Iowa." Iowa is said to be the first and only state to have an official trademark.

New Orleans in Port.

New Orleans, Nov. 28.—Amid a din of whistling from the river craft, the replica of the steamboat New Orleans, which was the first steam vessel to ply the Mississippi river, came into the harbor here, completing a cruise from Pittsburgh in celebration of the centennial anniversary of the inauguration of steamboating on the "Father of Waters."

Mary Chamberlain's Sister Weds. Salina, Kan., Nov. 28.—Miss Lena Chamberlain, 20, youngest sister of Mary Chamberlain, complainant in the tar case at Lincoln Center, was married here to Owen Harr, 22, of Beverly.

FRESH OYSTERS

Direct from the coast. They are large enough to fry, and don't you know a New York Oyster is lighter in color and a finer flavor than Baltimore stock. They come to us in five-gallon cans SEALED. No ice ever put in the Oysters. Compare our Oysters with others and you can see the difference. We sell the solid meat. NO WATER. A trial will convince you we are right on the Oyster question.
